*Composite and benchmark performance are for the period from February 1, 2014 through December 31, 2014.

N.A.¹ - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

N.A.² - The three-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36-month period. The three-year annualized standard deviation is not presented for 2014, 2015 or 2016 due to less than 36 months of composite and benchmark data.

EAFE Plus Equity Composite

- **Composite Description:** The EAFE Plus strategy invests in large and mid-cap stocks in developed markets and the emerging markets where access can be gained through exposure using liquid ETFs. The investment process is based on a disciplined top-down multi-factor country allocation process. The strategy invests in a combination of liquid U.S. dollar-denominated country ETFs to track country indexes that do not have liquid ETFs.
- **Creation Date:** The composite's creation date was September 1, 2017. The composite's inception date was February 1, 2014.
- **Benchmark:** MSCI ACWI ex-US (net of estimated dividend withholding taxes). The benchmark is a market capitalization weighted index designed to provide a broad measure of equity-market performance in developed and emerging markets outside the United States.
- **Minimum Account size:** \$25,000.
- **Significant Cash Flow Policy:** Composite policy requires the temporary removal of any account incurring a client initiated significant cash inflow or outflow of at least 20% of the account value. The temporary removal of such an account occurs at the beginning of the month in which the significant cash flow occurs, and the account re-enters the composite in the beginning of the following month.

Disclosures

The GIPS®-compliant firm is defined as DCM Advisors Institutional ("DCMI"), the institutional investment management business of DCM Advisors, LLC ("DCM"). DCM is a registered investment adviser with United States Securities and Exchange Commission in accordance with the Investment Advisers Act of 1940.

DCMI claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. DCMI has been independently verified for the periods September 1, 2017 to December 31, 2018. The verification reports are available upon request.

EAFE Plus Strategy

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation.

A list of composite descriptions is available upon request.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of Fee returns are calculated using gross returns less trading expenses and taxes withheld on non-U.S. dividend payments. Net of fee performance was calculated using actual management fees. The annual composite dispersion presented is an equal-weighted standard deviation calculated for the accounts in the composite the entire year. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.

The investment management fee schedule for the EAFE Plus strategy is 1.00% on the first \$5 million, 0.80% on the next \$15 million, and 0.60% on the remainder. Actual investment advisory fees incurred by clients may vary.
